

PLACEMENTS

Nilkamal School of Mathematics, Applied Statistics & Analytics is a new School with a mission to teach Mathematics and Statistics in their purest form along with disciplines' new age derivatives encompassing a host of enabling technologies such as the use of computers, animations, data visualizations simulations and other tools to make the learning of mathematics and statistics exciting.

Keeping this in mind, Nilkamal School of Mathematics, Applied Statistics & Analytics has a full-fledged, dedicated Placement cell. The Placement Cell constantly strives to create a strong connection between the School & various corporates & research organizations. It provides assistance for Final placements, Winter projects & Summer Internships for all its students of M. Sc. Statistics and Data Science and M. Sc. Applied Statistics & Analytics. We also give placement assistance to interested students from our B.Sc. Applied Statistics & Analytics, B.Sc. Mathematics and B.Sc. Data Science.
